

CLARK COUNTY

(Source of Table: May 1986 Data)

There has been an update (Clark County Federal Lands Element dated 7/1/97) based on the Southern Nevada Public Lands Act which covered the Las Vegas Valley only. A copy is enclosed. There are significant acres (123,293 identified by the BLM in their May, 1998 Las Vegas Resource Management Plan developed by the BLM identified for disposal outside the Las Vegas Valley or the area covered by the Southern Nevada Public Lands Act of 1988.

Table 1: Lands Identified for Disposal in the May, 1998 Las Vegas RMP prepared by the BLM

Indian Springs South					1,302
Jean					2,245
Laughlin					4,720
Mesquite/Bunkerville					14,460
Moapa/Glendale					40,950
Nelson					1,259
Sandy Valley					6,268
Searchlight					1,944
Primm					1,181
Valley West					985
Total Acres					76,899

Lands Identified for Acquisition in the Public Policy Plan (SB 40) developed by Clark County, dated May 1986

The lands identified in Table 2 are based on the 1984 SB 40 Plan. Many of these properties may be addressed by either the Southern Nevada Public Lands management Act or by the Las Vegas RMP. However, they are carried forward for general information. Each of the parcels identified will be to be reviewed on a case-by-case basis before any efforts are made to acquire them.
